For all Emergency Support Function #8 (ESF-8) Agencies

ATTENDEES MUST REGISTER THROUGH KS-TRAIN (www.train.org/ks) COURSE ID #1089499

March 25th, 2020

REGISTRATION INVITATION

Symposium Summary: The Health and Medical Symposium provides a chance for South Central Kansas Emergency Support Function 8 (ESF8) partners to learn how other ESF 8 disciplines plan to respond during a large disaster/incident. Symposium Objectives:

- Exchange lessons learned and best practices
- Understand how the different ESF-8 disciplines integrate into a disaster response
- Gain an understanding of available ESF-8 resources
- Share and understand roles and responsibilities of partner agencies
- Obtain knowledge about proper resource request processes
- Understand disaster related safety and health issues

The main goal of the symposium is to expand regional collaboration.

Keynote Presenter: To Be Announced

Registration is OPEN to All ESF-8 Partners Including:

- Animal Response
- Behavioral Health
- Emergency Management
- Emergency Medical Services
- Environmental Health
- Fatality Management
- Health Care Coalition Members
- Hospitals
- Long Term Care Organizations
- Preparedness Coordinators
- Public Health
- Voluntary Organizations Active in Disaster
