The Importance of Partners Preparing Together by Dr. Benjamin Abo Tuesday, September 27th from 12:00 PM to 1:30 PM

Our keynote speaker, Dr. Abo is passionate about partners preparing together as evidenced in his current roles as: Emergency Medical Physician - Toxinologist - Medical Director Miami-Dade Search & Rescue Team - Venom I & II Response Teams - Instructor for Wilderness EMS for the Urban Community - Medical Director for Gainesville Fire Rescue, Sanibel, Captiva & Pine Island Fire Control - Associate Medical Director for Sarasota County - Urban Search & Rescue Physician for Southwest Florida Task Force. Join us as we explore with Dr. Abo this timely topic to learn how we might better be prepared for future events. (1.5 Nursing & EMS Continuing Education Hours Provided)

Preparing for Chemical & Radiological Emergencies Wednesday, September 28th from 12:00 PM to 1:30 PM

Two professionals will cover this important topic to assist in readiness. Mr. Lane Sekavec, CHMM Chemical Release Specialist with the Union Pacific Railroad will start the session with an overview of emergency response and specific measures to be taken by local communities in a hazmat situation.

Mr. Jason Meinholdt, Supervisor with the KDHE Radiation Control Program will introduce participants as to the nature of potential radiological releases and appropriate response. Both of these sessions will be important to Healthcare Coalition members, not only for practical daily operational response readiness, but also for each coalition as they prepare to write Chemical & Radiation Response Annexes for their Emergency Operations Plan. (1.5 Nursing and EMS Continuing Education Hours Provided)

Adult Care Home Emergency Readiness Wednesday, September 28th from 12:00 PM to 1:30 PM

Dr. Jessica Kalender-Rich will present Building Bridges Across the Continuum. This session focuses on the importance of communication and collaboration during inter-facility transfers across the state systems of care. She will provide ways to optimize these efforts for both patients and staff. Attendees will be presented with published tools for communication and discuss how these tools can be applied. (1.5 Nursing and EMS Continuing Education Hours Provided)
